STATE OF OREGON
invites applications for the position of:

Transportation Maintenance Specialist 2 -Juntura

JOB CODE:	ODOT16-0827oc
OPENING DATE/TIME:	03/30/16 12:00 AM
CLOSING DATE/TIME:	Continuous
SALARY:	\$2,797.00 - \$4,033.00 Monthly
JOB TYPE:	Limited Duration
LOCATION:	Juntura, Oregon
AGENCY:	Transportation-Highway
DESCRIPTION:	

Oregon Department of Transportation

ODOT16-0827oc – Juntura

This is a Limited Duration appointment that is expected to last 18 to 24 months from the hire date with a possible extension. Limited Duration appointments are regular status, benefits eligible, with a designated maximum length of service. This position could become permanent pending budgetary approval.

This recruitment is open until filled; your immediate response is requested as this recruitment may close at any time after a sufficient number of qualified candidates have applied. Initial screening will begin on April 21, 2016; additional screenings may occur thereafter until the position is filled.

The Oregon Department of Transportation (ODOT) works to provide a safe, efficient transportation system that supports economic opportunity and livable communities for Oregonians.

This position is with the Department of Transportation, Region 5, District 14, Maintenance office in Juntura, Oregon. Region 5 is charged with the safe and effective construction, operation, and maintenance of US and State Highways from the Washington border to the California/Nevada border and from approximately milepost 150 just west of Boardman to the Idaho border

The Transportation Maintenance Specialist functions as a member of a maintenance crew and performs any required manual labor or equipment operation necessary to maintain, repair and/or reconstruct roadway/highway, freeway, bridges and/or rest area facilities.

The goal of this recruitment is to fill this position at a Transportation Maintenance Specialist 2 level. However, we encourage candidates who meet the minimum qualifications for a Transportation Maintenance Specialist 1 (\$2576 - \$3660/month) to apply, as we may consider under-filling the position until the selected candidate meets the minimum qualifications for a Transportation Maintenance Specialist 2. Underfill training will not exceed two years.

TREE TRIMMING

We are currently working on trimming the trees on the reservation. Once we get the cost finalized as well as working with another program on available funding source. We will be speaking with the homeowners regarding the process. We will be starting on the lower half of the reservation. The trees we will be focusing on first are those that may cause a safety issue i.e. near the roads, power lines and are dead.

In order to get the most trees trimmed the homeowner will be responsible for removing the limbs from the property.

We are excited to announce the first Chinook salmon fishery in the Logan Valley in almost 100 years!

ODFW and the Tribe are releasing salmon in the Upper Malheur River for a fishery in late May/mid-June.

Where can I fish?

What can I fish with?

How many fish can I keep?

Where are the fish being released?

Who can fish?

Do I need a license to fish?

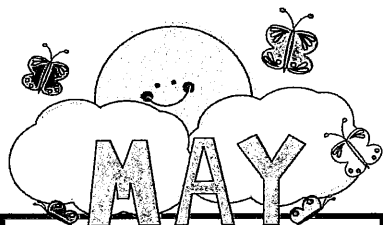

When are the fish being released?

The Natural Resources is hosting a few events to answer these questions.

Follow up from May 4th Prevention Coalition Meeting

Thank you to those who attended the Coalition meeting on May 4th 2016. This meeting's purpose was to share with the Coalition the data that has been collected up until this point. I received a lot of positive feedback, and was given different ideas on other resources that are available to collect more data to keep moving the SPF (Strategic Prevention Framework) steps forward. I was very grateful for Julie Johnson taking time out of her busy schedule to attend the Coalition meeting supporting this community. I will be busy collecting more data and moving forward.

People have asked me exactly what data have I been collecting during this process. I have collected data from different resources that have Alcohol related incidents. Some areas include, but are not limited to, Crime, Health, Treatment and how it affects families.

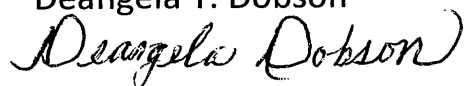

Sometimes this process can take more time than expected due to certain circumstances. I know that there also has been a significant amount of Tribal Data lost due to the fires a few years back. I have collected a lot of new data and will continue to get that information and share it with the community.

I would encourage anyone who has not completed an Alcohol Consumption Survey to please do so, your input is valuable and really important to help the community to better understand the different areas regarding alcohol use. The surveys are available at Wadatika Health Center, after completing this short survey you will be entered in a drawing to win one of three different prizes. I will be drawing on May 20th, 2016, and contacting those winners.

I have included the Data Tables that have been compiled thus far, please take time to look at them and give any feedback. You may also stop by and talk with me at the Road to Wellness Building, or call me at 541-573-8005. I will do my best to answer any questions or just discuss SPF (Strategic Prevention Framework). I look forward to meeting with the community again.

Respectfully,

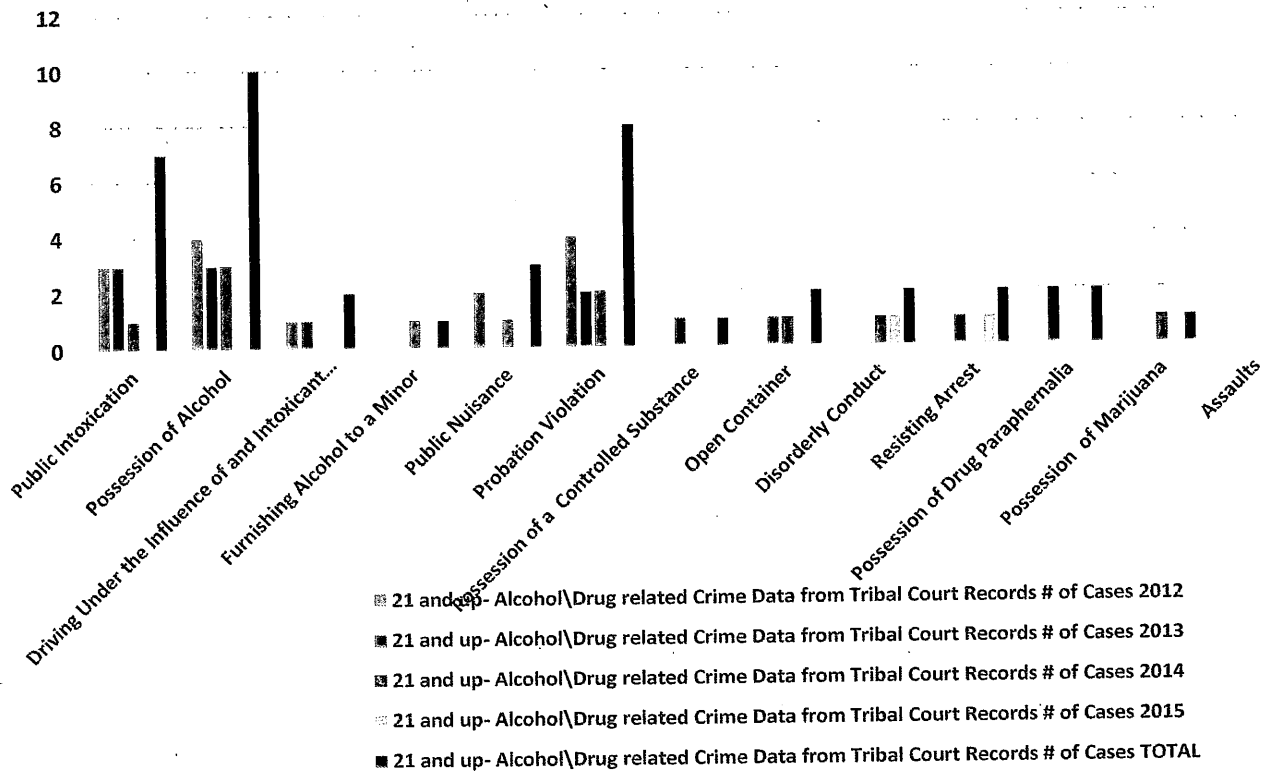

Deangela T. Dobson

BPT 2016 Temporary Fishing Code for Chinook Salmon in the Upper Malheur River from May 1-August 15, 2016

Open waters: The Upper Malheur River from the Bluebucket Creek confluence upstream to the headwaters of McCoy Creek, Lake Creek, Big Creek and Bosonberg Creek.

- Fishing with traditional methods North of the 16 road is prohibited. This is to protect native fish.
- Enrolled Burns Paiute Tribe members may fish with contemporary hook and line North of the 16 road (see below for definition of traditional methods).
- Enrolled Burns Paiute Tribe members may fish for salmon using traditional methods **OR** hook and line anywhere south of the 16 road to the lower boundary at the Bluebucket Creek confluence.

Restrictions: This fishery is occurring in partnership between the Burns Paiute Tribe and the Oregon Department of Fish and Wildlife (ODFW). Therefore, the fishery is open to both tribal members and to members of the public. Members of the public must follow current ODFW regulations.

The regulations set forward here apply to enrolled members of the Burns Paiute Tribe.

- Burns Paiute Tribal members must have valid tribal enrollment in order to participate in the tribal portion of this fishery. Tribal members must be prepared to show their tribal ID card, if requested by enforcement.
- Burns Paiute Tribal members do not need an ODFW license to fish for spring Chinook salmon.
- All salmon harvested by Burns Paiute Tribal members during this fishery shall be used solely for subsistence and cultural purposes and may not be sold.
- Only enrolled members of the Burns Paiute Tribe are permitted to fish on tribal Logan Valley property unless explicit written permission to a non-tribal person is otherwise granted.
- All fish other than spring Chinook salmon must be released immediately if captured by traditional methods. Burns Paiute Tribal members who wish to harvest other species must have a valid ODFW fishing license, and follow the current ODFW regulations.

Not Allowable Gear/Tackle:

- It is prohibited to leave gear unattended.
- The possession or use of any live bait is prohibited (including worms & chumming bait);
- Firearms, bows or any other gear not commonly used in angling;
- Gill-nets;
- Fixed gear that blocks the width of the stream.

Gear/Tackle allowed:

- Traditional methods: spear fishing, net fishing, basket weirs.

- Contemporary methods: Hook and line as defined by current ODFW regulations.

Season: May 1-August 15.

Fishing hours: Fishing may occur one hour before sunrise to one hour after sunset. When fishing for other species current ODFW regulations apply.

Daily Bag Limit: For Burns Paiute Tribe members, the daily bag limit is 4 spring Chinook salmon per person. One fisherman per party may capture the daily limit equivalent for the present party. For example, if the party size is 3, one fisherman may capture a total of 12 (3 persons x 4 fish per day) for the party. However, everyone in the party must have a tribal identification card and be present on site at the time of harvest.

Reporting Requirements: Each individual **must** report the correct total of each day's harvest of salmon to the Burns Paiute Natural Resources Department. Tracking harvest will allow staff to facilitate this opportunity in the future. Burns Paiute Tribal Members must also report any mortality or injury to other species (such as trout).

Bev - You will receive by mail later this week a signup sheet for this summer's Project. Please put a notice in the BPT newsletter that folks can signup at the BPT Admin Bldg using this sheet. Please remind everyone that we need a current mailing address and a good phone contact #. Otherwise we may not be able to coordinate an appointment with the law student.

We need at least 6 individuals to signup to schedule appointments at Burns. Call me mid-June and give me a count at that time.

We will try to schedule the law student's visit to Burns around the first full week of July 2016.

Let me know if you have any questions. Thank you.
